### Health Care Reform Legislation

#### [H.R. 3590: Patient Protection and Affordable Care Act](#)

The Patient Protection and Affordable Care Act establishes a home visiting grant program for states administered through the Department of Health and Human Services (DHHS), Health Resources Services Administration (HRSA) as a new section of the Title V Maternal and Child Health (MCH) block grant program. This provision:

1. [Provides \\$1.5 billion over 5 years](#) for maternal, infant and early childhood home visitation programs. Grantees are required to use an [evidence-based program model](#) with a benchmark component that measures: improvement in maternal and child health, childhood injury prevention, school readiness and achievement, crime or domestic violence, family economic self-sufficiency, and coordination with community resources and supports.

#### **Funding Breakdown:**

\$1.5 billion\* over 5 years

\$100M for FY2010

\$250M for FY2011

\$350M for FY2012

\$400M for FY2013

\$400M for FY2014

[\\*State and Federal Reservations Apply](#)

2. Requires states to complete a [needs assessment](#) to identify communities that have few quality home visitation programs and are at risk for poor maternal and child health as a pre-condition for receiving the home visiting funds.
