The Minnesota Sexuality Education Resource Review Panel **Recommends the use of this brochure for the following reasons and with the following reservations:**

This brochure provides basic information about genital warts and HPV. It covers what they are; how they are caused; what symptoms/problems occur, how they are treated; and how they can be prevented.

The panel found the brochure straightforward and easy to read. They found it technically accurate and up-to-date, visually appealing and suitable for diverse audiences.
