The Minnesota Sexuality Education Resource Review Panel **Recommends the use of this brochure for the following reasons and with the following reservations:**

This brochure presents technically accurate and up-to-date information about condoms. It addresses HIV and AIDS, condom do's and don'ts, myths about condoms and condom use, and ideas for communicating with your partner about condom use.

Overall, the panel found the brochure to be a useful tool with good information. They voiced concern, however, that all of the people pictured are people of color. This could limit the audience that would identify with the brochure, thereby limiting its use.

Review Criteria

	Mean Score
