The Minnesota Sexuality Education Resource Review Panel **Recommends the use of this video for the following reasons:**

This video chronicles a challenging river trip taken by ten ethnically diverse kids with HIV. The panel felt that this video is a good demonstration of how people live with AIDS. Also, this video shows that people with HIV are normal and have normal needs. The panel felt that this video presents great stories about discrimination and HIV. Prior to viewing the video, the panel recommends an HIV/AIDS 101 course since the video does not include much information about HIV/AIDS. A discussion following the viewing may be helpful to assist the students in processing the messages contained in the video.
