The Minnesota Sexuality Education Resource Review Panel **Recommends** use of this video for the following reasons and with the following reservations:

Review Summary:

The *MANchild* video was written by a young woman as a submission to Scenarios USA “What the REAL DEAL” writing contest. The writer hopes that the film she created can provide both an analytical as well as a positive alternative to more stereotypical depictions of black masculinity. According to Scenarios USA, *MANchild* examines masculinity by addressing family, friendship, peer pressure and rites of passage. The video can be viewed online and lesson plans can be downloaded for free online.

The panel **recommends** *MANchild* for the following reasons:

- Video would be useful and provide rich discussion for rites of passage programs.
- Video was engaging and realistic.

The panel has concerns about the following elements of *MANchild*:

- Facilitator must be culturally competent and appropriate when dealing with this subject matter, being careful not to perpetuate stereotypes.
- Story could have been told with less portrayals of violence.

Overall, the panel **recommends** *MANchild* for use as a sexuality education resource. The panel recognizes this resource does not specifically deal with STI’s or Pregnancy Prevention. Nonetheless the panel understands the focus on self-efficacy, decision-making, goal setting and respect for others are qualities and skills that assist in making positive sexual decisions.
