The Minnesota Sexuality Education Resource Review Panel **Does Not Recommend the use of this brochure for the following reasons:**

This brochure aims to educate 7th-12th graders about sexual violence. The panel, however, found the brochure's definition of sexual violence to be both too narrow and inconsistent. The panel stated that the brochure was blaming (especially within the "Protecting Yourself from Rape" section); contained double messages regarding what to do in case of rape; and gave information that was so open for interpretation that it confused rather than educated the reader. The panel also expressed serious concern over the brochure's failure to address sexual molestation.
