The Minnesota Sexuality Education Resource Review Panel **Recommends the use of this brochure for the following reasons and with the following reservations:**

This brochure contains basic information about condom use. The information is presented as a quiz. It touches on a variety of issues including: condom effectiveness, reasons to use a condom, how to get condoms, how to use condoms and what to do if your partner does not want to use condoms.

Panel members found the information to be technically accurate and useful, but the quiz format to be a bit confusing. They recommend that better directions be given to those completing the quiz (i.e., there is more than one correct answer for many of the questions). It is unclear who the intended audience is. It may be too simple for high school youth and too complicated for younger groups.
